Service Plans**  
for small to medium  
sized businesses in  
the Wasatch Front

**SIMPLE SYSTEMS....**  
**TECHNOLOGY MADE SIMPLE**

## About US

Simple Systems (SS) provides managed I.T. services for over 100 local businesses - allowing them all the benefits of a full-time I.T. staff without the expense. SS also provides personal computer support in-store, on-site or remotely.

## Why You Need SS

- Full-time I.T. staff is expensive - we can monitor and maintain your systems for ½ the cost.
- Since we work with so many diverse clients it requires us to be up-to-date on the latest technology trends and issues effecting businesses today.
- Simple Systems will monitor your computer systems 24/7, giving you peace of mind that your computers are running their best and your data is secure and protected.

We service all types of businesses - from a 10 user small office to large 26-100 user organizations like Call Centers and Hospitality environments and everything in-between. Let Simple Systems get started with a FREE system health check today!
